Located 200 meters from the beach, overlooking the Bréhec bay, it offers 60 bare pitch terraces, almost all with a breathtaking sea view in every season. Many activities are available just two minutes from the campsite: sailing, cycling, coastal walking, swimming, fishing, hiking (including the GR34), cultural and heritage visits. Pets on a leash are welcome at no extra charge.

STAY: From the control panel located in the reception building, or with a reservation made on one of our two websites, you will receive an access code that allows you to enter and exit freely during the flexible duration of your booking. You can even choose your pitch—if still available—either when you make the reservation or upon arrival. Access to the 10A electric hook-up is optional.
